

Make your own Box Tops collection container

It's easy! You will need glue or tape, scissors or a craft knife, and crayons or markers. Heavy weight paper or card stock works best. **Supervise children when using cutting tools.**

1. Color and decorate the design
2. Cut on the dashed lines (but not the dotted)
3. Fold on the dotted lines
4. Attach tab C to inside of D
5. Fold tabs E under bank
6. Fold tabs F and G under bank and interlock
7. Fold tabs I toward each other and tape at top
8. Fold tabs J toward each other and tape at top
9. Fold over top of bank
10. Insert tab H into slots A to secure
